Total expenditure as at September 18th 2024			62,345,502.92	
Balance available in the Fund***			248,654,497.08	

*“certified” means certified by a Medical Officer

**The Fund enables the OR to make cash grants only. Hence, while the OR is deeply conscious of the emotional impact on a family as a result of the death of every family member irrespective of age, it was decided to utilize the limited funds available to provide relief on priority basis to the families that suffered financial loss as a result of the death of a family member who was or may have been contributing to the economy of the family unit at the time of death. The OR proceeded on the assumption that every victim over 18 years was in that category. The OR does not wish to subordinate or trivialize the suffering of those who lost younger family members but has proceeded only to provide relief for financial loss. On subsequently receiving more monies to the Fund, families of those below 18 years were also given a grant.

***The Members of the Office for Reparations have approved an “Education Support Scheme” to provide monthly monetary assistance to children who are victims of the Easter Bomb attack. While the long term details of the scheme are being worked out, forty four (44) children received assistance commencing September, 2024. The details of the scheme will be uploaded when the terms are finalized.
